

Tahoma®

Connect yourself
to an **easy** LIFE

With Tahoma, you will live a unique home experience.

Tahoma is your daily companion allowing you to control, centralize and program all the connected equipment of your house or flat, wherever you are.

Tahoma is compatible with Somfy products and open to major brands of home equipment.

Tahoma is designed to make life simpler for you, and free you from day-to-day constraints, in a straightforward, easy-to-use way.

Tahoma helps make your home more comfortable, more secure and more energy efficient. And gives you much more time to enjoy your day to the fullest!

Live intense connected moments, with **Tahoma**!

The smart home with Somfy

TaHoma, an open platform

A comprehensive home control solution.

More than 200 ranges of devices are compatible with TaHoma.

TaHoma will help you make the most of your home, in a **simple, reliable** and **integrated** way.

SIMPLE

- Easy to install.
- Easy to use with its very intuitive interface, available on all your mobile devices and computer and now even through voice control.
- Instant access to your home, wherever you are in the world.
- Upgradable at any time: new connected equipment can be added in a seamless way.

SMART AND INTEGRATED

- Ensuring a safe, welcoming, energy efficient home for you and your family.
- Helping you with smart functions : agenda, scenarii, sensors, alerts ...
- Open to partners to manage your whole home.

RELIABLE

- Reliable ecosystem of products and services.
- Large network of highly trained professionals and dedicated Somfy teams.
- Close cooperation with our partners compatible with TaHoma.

TaHoma®

Connect to your home **from here and everywhere** using a smartphone, tablet or computer.

TaHoma, **compatible** with all Somfy equipment...

A large range of motors and home protection, access and energy management solutions

...and also with **major brands of home equipment.**
